JODHPUR

PROSPECTUS

## Academic Activity

If the child is not learning the way you are teaching, then you must teach in the way the child learns.  
- Rita Dunn.

## Chairman's Message

Welcome to a warm academic community. For the meaningful blossoming of students Apex English Medium has been set up with an aim of learning.

In the words of Franklin D. Roosevelt ,  
"We cannot always build the future for our youth but  
we can build our youth for the future "

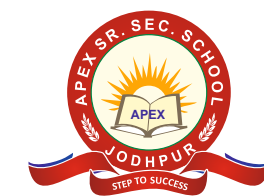

So we wish to provide our students a holistic learning experience for life. Our aim is to teach the students to learn, not just study. We try to mould the students for better future. The knowledge they will gain and the fine qualities they develop will be a major contribution to the parents and to the society, at large. My heart fills with immense pleasure when I perceive the progress being made at school. The key focus areas continue to remain creating opportunities, challenging minds, and encouraging innovation.

Apex School organises a number of activities to celebrate the spirit of learning, growth and creativity. This is our firm belief that students should use their full potential.

I extend my warm wishes to the staff and students to continue this journey on the road to excellence.

At last we look forward to your continuous cooperation.

With Hearty Wishes  
**Dr. Ram Niwas Choudhary**

Education is the best friend. An educated person is respected everywhere. Education beats the beauty and the youth.  
Chanakya

## Facility

Proper Bus facility is available for certain areas at reasonable charges. For availing the bus facility, parents are required to inform in advance at the time of admission

Live as if you were to die tomorrow. Learn as if you were to live forever.  
Mahatma Gandhi

## Principal's Message

I Feel it a pleasure to express my views about the meaning and aims of education. Most schools today conceive education as a way to achieve skills and knowledge to succeed in the society. However, this is a narrow aim. The main aim of education should be to understand the problems that surround us. Problems in the society such as violence, division and social inequality and problems within the individual such as fear and loneliness.

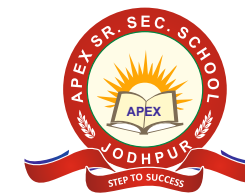

Education in the words of a well known philosopher, Krishna murti should be concerned with understanding of the fabric of society and of the self, along with a relationship between them. There was a time when education was a process that prepared young people for life. Today it has become more of a means to earn livelihood with no real values attached to it. The main hope of a nation lies in the proper education of its youth. So we have to think about it seriously.

Moreover, character building should be the fore-most aim of our system of education . This takes place at home as well as in a school. So, in my opinion both the teacher and the parent have important roles. It's a parent who plays a very important role in a child's growth up to an age of 12 or 13. After that it is the teacher who moulds the child's growth. Character building happens at a very early age before a child goes to school. So it's their mother and father who are the first leading hero and heroine. Parents may have their own ambitions for their children to become doctors and engineers, businessmen and entrepreneurs. It is an endless list. But we should be able to raise children who are not merely obsessed about success, but are also able to become good citizens.

The need of the hour is to help our children become independent thinkers and develop integrated personalities. Focus of our education system, therefore must shift from class room teaching to Class room 'LEARNING'. In my opinion teaching is an intellectual profession rather than a manual or a technical one. Albert Einstein once commented "Imagination is everything. It is the preview of life's coming attractions". We shall have to think positively in the light of all these perspectives.

With best wishes & hopes  
**R.K. Khanna**

An investment in knowledge pays the best interest.  
Benjamin Franklin

## Objectives

1. Effective teaching and learning
2. A safe, supportive and stimulating learning environment
3. A variety of co-curricular activities
4. Effective student discipline
5. Work and learn together.

## Curriculum

The carefully designed curriculum of Apex School recognises the talent of students and they are helped to develop academic confidence.

The School believes in cultivating creative and innovative traits which provide our students the skill of understanding and to achieve success in any situation.

## Academic Out Look

The School comprises four wings.

- (a) Pre-Primary section - Nursery, L.K.G., U.K.G
- (b) Primary Section - Class I to Class V
- (c) Upper Primary Section - Class VI to Class VIII
- (d) Senior Secondary Section - Class IX to Class XII  
(Science, Arts, Commerce & Agriculture Science)

## Faculty

Committed, supportive, caring, dedicated and experienced teachers. Their commitment and dedication together with a creative, imaginative and innovative approach makes learning inspiring & impressive.

## Value based education

To encourage and support the spiritual, moral, social and cultural well being of children.

## Registration

A duly filled application form is to be submitted with non refundable & non transferable registration fee along with the following requisites.

- (a) A copy of birth certificate & Aadhar card must be attached to it.
- (b) A photocopy of report card of last class attended.
- (c) Two passport size photographs

## Admission

Admission for class L.K.G. to X shall be given on the basis of proficiency test, which is based to test the understanding of a student. Admission is confirmed only after the payment of fees and the submission of all required documents.

The children from other states are required to submit their school leaving certificate and eligibility certificate properly signed by the competent authority of the state.

## Payment of Fee

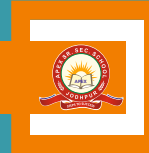

1. Fee will be charged for a session.
2. Fee and other charges are payable in cash/ cheque only at fee counter from 9.00 am to 1.00 pm on school working days.
3. Fee can be paid through e-banking also.
4. Fee will be charged in six instalment for the session.
5. All parents have to pay the instalment by the 10th of a month as mentioned in the schedule.
6. Rs. 10/- will be charged as a fine per day after the due date.

## Termination

School has the right to expel any student if the conduct is found against the school norms.

## Attendance

1. A Student must have at least 70% of attendance during an academic session.
2. If a student remains absent continuously for seven days without prior intimation his/her name will be struck off from the class.
3. Application for absence during the examination days on medical grounds should invariably be supported by a medical certificate from a registered medical practitioner.
4. Regularity is necessary for the students.

## Withdrawal

For the sake of school discipline, parents may be asked to remove the ward at any time from the school without giving any explanation. Withdrawal of a student is only possible after the payment of all school dues and on a prior notice. If a child leaves the school during any term, the complete fee of the term shall be charged.

## Co. Curricular activites

Every activity in school life plays a significant role in the development and learning process of students. It brings social and intellectual skills, moral values and personality development of students. To enhance these qualities school organises a lot of activities like Poem recitation, speech, hand writing, essay writing, painting competition and a number of other activities from time to time.

## House System

Student are grouped into four houses like Red, Yellow, Green and Orange. Every Wednesday there is a special assembly where the students are given a chance to show their talent.

## Co. Curricular activites

To introduce strong moral values combined with academics and extra curricular activities.

## Trips and Excursion

School life cannot be complete without the fun of educational tours. These trips facilitate the students to learn about the real and multicoloured society. For this purpose picnics and trips to rural areas are organised.

## Discipline

All the students are expected to be in the prescribed school uniform. They should be properly dressed. Boys are required to keep short hair. They should always carry their ID Card with them. Girls are not permitted with mehndi, jewellery, Kajal, nail polish and stylish ear rings etc.

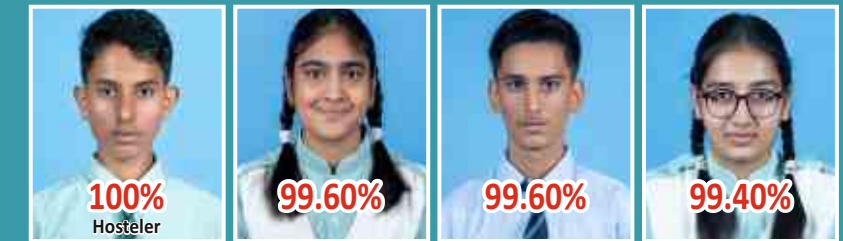

Better Facilities ... Strict Discipline ... BEST EDUCATION ... EXCELLENT RESULT ...

## Well Done ! We are Proud of you Session 2021, XII & X Result
